

SMALL GROUP COMMITMENT

THE CITY FEBRUARY 7-MARCH 28

I understand that being involved in a Small Group is a privilege. With this in mind, I am committing myself to the following:

1. Participation - I will be on time and at all small group meetings on Sunday mornings. And I will contribute and listen during my group's meeting times.
2. Preparation - I will bring my Bible, pen, and Notebook to group meetings.
3. Privacy - I will not repeat confidential matters shared by others in my group.
4. Positive Attitude - I will maintain a respectful and positive attitude toward my group and group leader.
5. Personal Openness - I will be honest about my life with my group.

I understand that the goal is to create a group that feels connected to each other and our youth ministry, and with that group discover who Christ is and what being a Christian is all about. I will do my part in seeing that this goal is reached. I understand that although the things shared in the confidence of my small group with fellow students and leaders is confidential; If my leader determines that the issues shared have lead them to believe that I (the student) am a danger to myself or to someone else, they may seek the assistance of the leadership of the church and share the circumstances that have lead them to that conclusion.
